Working towards clear time estimates

Recall a time when you struggled to meet or missed a deadline, or maybe just arrived somewhere late. Then answer the following questions:

- Why do you think you got behind?
- What happened that you didn't anticipate?
- Which of the strategies for making accurate and realistic time estimates might have helped you meet your deadline or arrive on time?

Share your experiences and learnings in a few sentences. Then head to the [discussion forums](#)  to learn more from others' experiences and respond to at least two peers.

Participation is optional
