   You didn't select all the correct answers

2. What should project managers track to ensure the team *meets deadlines*?   1 / 1 point

   ☑ Track tasks as they progress and as the project approaches key milestones.

   ⊘ Correct

   ☐ Track project successes and celebrate achievements with the team.
   ☐ Track costs to avoid over- or under-spending on project activities.
   ☐ Track stakeholder engagement to ensure they are aligned on project goals.

3. Which tool provides an overview of a project's common elements, summarizes them as a snapshot, and communicates project status to the team and stakeholders in a centralized place?   1 / 1 point

   ○ Roadmap
   ○ Burndown chart
   ○ Gantt chart
   ● Project status report

   ⊘ Correct

4. A burndown chart tracks time and amount of remaining tasks. What data is typically represented on the graph's X-axis, the horizontal axis?

1 / 1 point

○ Calculation of the sum of tasks
○ Assigned roles for the project
◉ Remaining time on the project
○ Remaining tasks on the project

✓ Correct

5. A software company builds an application to track employee satisfaction. A contractor delays the completion of a key task. Which of the triple constraints does this change impact the most?

1 / 1 point

○ Budget
◉ Timeline
○ Scope

✓ Correct

6. How does a change request form differ from an escalation email?

1 / 1 point

○ Change request forms enlist leadership to remove obstacles, reinforce priorities, and validate next steps; escalation emails help teams manage proposed changes
○ Change request forms help teams remove obstacles, reinforce priorities, and validate next steps; escalation emails enlist leadership to manage proposed changes
○ Change request forms enlist leadership to manage proposed changes; escalation emails help teams remove obstacles, reinforce priorities, and validate next steps
◉ Change request forms help teams manage proposed changes; escalation emails enlist leadership to remove obstacles, reinforce priorities, and validate next steps

✓ Correct

7. Which of the following steps are part of dependency management? Select all that apply.

0.5 / 1 point

☑ Eliminating dependencies

⊗ This should not be selected
Review the video on understanding and managing dependencies↗.

☑ Continuous monitoring and control

✓ Correct

☐ Efficient communication

☑ Recording dependencies

⊘ Correct

---

8. You brainstorm with your team members to identify and list the events that might delay the project. What type of document are you creating in this scenario?

0 / 1 point

○ Task List
◉ Risk Matrix
○ Risk register
○ Impact Matrix

⊗ Incorrect
